Dear Pediatric Partner Families,

After many years with our practice, Dr. Feldman has decided to retire from Pediatric Partners. Dr. Feldman has enjoyed taking care of his patients and their families over the years. He wants to express his gratitude to you, and he wishes you all good health and wellness.

Pediatric Partners knows that Dr. Feldman has been an important part of your family's life. Please know that our pediatricians and staff are committed to making this transition to a new provider as easy as possible for you. We have several new talented doctors that have joined our practice at both our North Park and Towson offices.

All our doctors and nurse practitioners are available and able to meet your needs and preferences. Please feel free to contact our office staff at your earliest convenience and we will be happy to discuss your options.

Sincerely,

Mary Jo Minton MD
